REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stoddard:

I hereby submit my first annual report as Superintendent of Schools.

SCHOOL ORGANIZATION

School Board: Mrs. Lucy Hill, Chairman; Kenneth McClure, Mrs. Ruth Mansell.

Superintendent of Schools: Stewart V. McCormack.

Teacher: Mrs. Mary M. Lane.

School Nurse: Margaret E. Harris, Keene, N. H.

PUPIL DATA

The following pupils had perfect attendance for the school year 1944-1945: Ethel Doe, Terrance MacMahon, and Ellen Mansell.

An excellent and well prepared operetta was given at the graduation of Ellen Mansell in June, 1945.

There are 28 pupils registered at the Center School, which is the largest number for some years.

Two Stoddard pupils are attending Vilas High School in Alstead.

THE GENERAL REPORT

The annual report should perhaps give us some kind of a picture of the kind of education being provided for our youth from the first grade on, but when town meeting day comes around we get all "steamed up" over some little item on the warrant so our overall problems wait yet another year for discussion. Probably the most distressing feature of present day reaction to educational matters is the extreme inertia of the layman. This inertia results in a lack of information which promotes a lack of understanding and a lack of sympathy to-

wards the whole problem of education. Most distressing is the vehemence and ignorance with which views about education are expressed publicly and privately by many prominent people.

The basis of American democracy is that ALL people have value. Each individual has potential abilities, and given a chance, can make a unique contribution to the good of all.

Even from a narrow, selfish point of view, we cannot afford to have an ignorant and suppressed segment in our society. Whether we like it or not, these people are with us. Each individual becomes a producer and a consumer, hence an asset to our economic life, or he fails to produce and becomes a liability. Such persons become expensive liabilities if they have to be institutionalized, when for evidence we consider that America's annual crime bill exclusive of poverty is TWELVE billions annually while her total bill for education, is nearer TWO billions annually.

The Stoddard school is in good condition and well equipped for present needs. Mrs. Lane, is doing a commendable job as a teacher. Her loyalty must be greatly appreciated by townspeople. At the present time no new teachers are going into rural school work. Former teachers like Mrs. Lane, who are willing to sacrifice their homelife, are "few and far between" literally.

We have tried to provide the latest instructional aids to the pupils. Those pupils who are there every day, profit most from their educational experiences. It is often easy to be careless with one's health to the extent of later sickness. We should all strive to maintain better health and thereby better attendance.

It is the solemn duty of every citizen to make sure that every child he comes in contact with, is getting the most out of his educational opportunities. It is often easy to let an excuse keep a pupil home but this leads to lost interest and perhaps failure at later educational attempts.

May I call your attention to the need of study of the accompanying reports? Our duties of citizenship require us to be alert to such activities.

In conclusion I wish to thank the teacher, pupils, parents, and school board for their hearty promotion of our mutual educational program.

Respectfully submitted,
STEWART V. McCORMACK,
Superintendent of Schools.
